

United States Department of State

Washington, D.C. 20520

SEP 14 2010

Dear Mr. Chairman:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed Manufacturing Licensing Agreement for the manufacture of significant military equipment aboard.

The transaction contained in the attached certification involves the manufacture of Executable Object Code for the Have Quick I/II Electronic Counter Counter-Measures (ECCM) Waveform to be used by the Ministry of Defense of Japan.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Matthew R. Rooney
Principle Deputy Assistant Secretary
Legislative Affairs
